DECISION ON STIPULATION¹

On July 16, 2015, Emily Briggs (“petitioner”)² filed a petition for compensation within the National Vaccine Injury Compensation Program.³ Petition (ECF No. 1). Petitioner received a meningococcal conjugate vaccine (“Menactra”) on August 2, 2012. Stipulation filed December 2, 2019 (ECF No. 93) (“Stipulation”) at ¶ 2. Petitioner alleged that she subsequently suffered the injury of severe aplastic anemia, which she alleges was caused-in-fact by the Menactra vaccine. *Id.* at ¶ 4. Petitioner further alleges that she experienced the residual effects of her injury for more than six months. *Id.*

¹ Pursuant to the E-Government Act of 2002, see 44 U.S.C. § 3501 note (2012), **because this opinion contains a reasoned explanation for the action in this case, I intend to post it on the website of the United States Court of Federal Claims.** The Court’s website is at <http://www.uscfc.uscourts.gov/aggregator/sources/7>. Before the opinion is posted on the Court’s website, each party has 14 days to file a motion requesting redaction “of any information furnished by that party: (1) that is a trade secret or commercial or financial in substance and is privileged or confidential; or (2) that includes medical files or similar files, the disclosure of which would constitute a clearly unwarranted invasion of privacy.” Vaccine Rule 18(b). An objecting party must provide the Court with a proposed redacted version of the opinion. *Id.* **If neither party files a motion for redaction within 14 days, the opinion will be posted on the Court’s website without any changes.** *Id.*

² The petition was originally brought by Lauren Briggs on behalf of her then-minor daughter Emily. Emily subsequently reached the age of majority and was substituted as the petitioner in this matter by the Court’s Order issued September 26, 2017 (ECF No. 44).

³ The National Vaccine Injury Compensation Program is set forth in Part 2 of the National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755, codified as amended, 42 U.S.C. §§ 300aa-1 to -34 (2012) (Vaccine Act or the Act). All citations in this decision to individual sections of the Vaccine Act are to 42 U.S.C.A. § 300aa.

On December 2, 2019, respondent filed a stipulation providing that a decision should be entered awarding compensation to petitioner. Stipulation. Respondent denies that the Menactra vaccine caused petitioner's severe aplastic anemia and alleged residual effects, or any other injury. *Id.* at ¶ 6. Maintaining their respective positions, the parties nevertheless now agree that the issues between them shall be settled and that a decision should be entered awarding compensation according to the terms of the stipulation attached hereto as Appendix A. *Id.* at ¶ 7.

The stipulation awards:

- 1) **A lump sum of \$35,000.00, in the form of a check payable to petitioner.** This amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).

I adopt the stipulation as the decision of the Court in awarding damages. I hereby award compensation in the amount and on the terms set forth therein. Accordingly, the Clerk of the Court **SHALL ENTER JUDGMENT** in accordance with the terms of the parties' stipulation.⁴

IT IS SO ORDERED.

Thomas L. Gowen
Special Master

⁴ Entry of judgment is expedited by each party's filing notice renouncing the right to seek review. Vaccine Rule 11(a).

OFFICE OF SPECIAL MASTERS**

EMILY BRIGGS,

Petitioner,

v.

SECRETARY OF HEALTH
AND HUMAN SERVICES,

Respondent.

STIPULATION

The parties hereby stipulate to the following matters:

1. Emily Briggs (“petitioner”) filed a petition for vaccine compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §§ 300aa-10 to -34 (the “Vaccine Program”).¹ The petition seeks compensation for injuries allegedly sustained following petitioner’s receipt of a meningococcal conjugate vaccine (“Menactra”), which vaccine is contained in the Vaccine Injury Table (the “Table”), 42 C.F.R. §100.3(a).

2. Petitioner received the Menactra vaccine on August 2, 2012.

3. The vaccine was administered within the United States.

4. Petitioner alleges that she subsequently suffered the injury severe aplastic anemia, which petitioner alleges was caused-in-fact by the Menactra vaccine. Petitioner further alleges that she experienced the residual effects of her injury for more than six months.

¹ The petition was initially brought by Lauren Briggs on July 16, 2015, on behalf of her then-minor daughter, Emily. Emily subsequently reached the age of majority and was substituted as the petitioner in this matter by Court Order dated September 26, 2017.

5. Petitioner represents that there has been no prior award or settlement of a civil action for damages as a result of her condition.

6. Respondent denies that the Menactra vaccine caused petitioner's severe aplastic anemia and alleged residual effects, or any other injury.

7. Maintaining their above-stated positions, the parties nevertheless now agree that the issues between them shall be settled and that a decision should be entered awarding the compensation described in paragraph 8 of this Stipulation.

8. As soon as practicable after an entry of judgment reflecting a decision consistent with the terms of this Stipulation, and after petitioner has filed an election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), the Secretary of Health and Human Services will issue the following vaccine compensation payment:

A lump sum of \$35,000.00 in the form of a check payable to petitioner, Emily Briggs, which amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).

9. As soon as practicable after the entry of judgment on entitlement in this case, and after petitioner has filed both a proper and timely election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), and an application, the parties will submit to further proceedings before the special master to award reasonable attorneys' fees and costs incurred in proceeding upon this petition.

10. Petitioner and her attorney represent that compensation to be provided pursuant to this Stipulation is not for any items or services for which the Program is not primarily liable under 42 U.S.C. § 300aa-15(g), to the extent that payment has been made or can reasonably be expected to be made under any State compensation programs, insurance policies, Federal or State health benefits programs (other than Title XIX of the Social Security Act, 42 U.S.C. § 1396

et seq.), or by entities that provide health services on a pre-paid basis.

11. Payment made pursuant to paragraph 8 and any amounts awarded pursuant to paragraph 9 of this Stipulation will be made in accordance with 42 U.S.C. § 300aa-15(i), subject to the availability of sufficient statutory funds.

12. The parties and their attorneys further agree and stipulate that, except for any award for attorneys' fees and litigation costs, the money provided pursuant to this Stipulation will be used solely for the benefit of petitioner, as contemplated by a strict construction of 42 U.S.C. § 300aa-15(a) and (d), and subject to the conditions of 42 U.S.C. § 300aa-15(g) and (h).

13. In return for the payments described in paragraphs 8 and 9, petitioner, in her individual capacity, and on behalf of her heirs, executors, administrators, successors or assigns, does forever irrevocably and unconditionally release, acquit and discharge the Secretary of Health and Human Services and the United States of America from any and all actions or causes of action (including agreements, judgments, claims, damages, loss of services, expenses and all demands of whatever kind or nature) that have been brought, could have been brought, or could be timely brought in the Court of Federal Claims, under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 et seq., on account of, or in any way growing out of, any and all known or unknown, suspected or unsuspected personal injuries to, or death of, petitioner resulting from, or alleged to have resulted from, the Menactra vaccine administered on August 2, 2012, as alleged by petitioner in a petition for vaccine compensation filed on or about July 15, 2015, in the United States Court of Federal Claims as petition No. 15-737V.

14. If petitioner should die prior to entry of judgment, this agreement shall be voidable upon proper notice to the Court on behalf of either or both of the parties.

15. If the special master fails to issue a decision in complete conformity with the

terms of this Stipulation, or if the Court of Federal Claims fails to enter judgment in conformity with a decision that is in complete conformity with the terms of this Stipulation, then the parties' settlement and this Stipulation shall be voidable at the sole discretion of either party.

16. This Stipulation expresses a full and complete negotiated settlement of liability and damages claimed under the National Vaccine Injury Act of 1986, as amended, except as otherwise noted in paragraph 9 above. There is absolutely no agreement on the part of the parties hereto to make any payment or to do any act or thing other than is herein expressly stated and clearly agreed to. The parties further agree and understand that the award described in this Stipulation may reflect a compromise of the parties' respective positions as to liability and/or amount of damages, and further, that a change in the nature of the injury or condition or in the items of compensation sought, is not grounds to modify or revise this agreement.

17. This Stipulation shall not be construed as an admission by the United States of America or the Secretary of Health and Human Services that petitioner's alleged severe aplastic anemia and residual effects, or any other injury, were caused by the Menactra vaccine.

18. All rights and obligations of petitioner hereunder shall apply equally to petitioner's heirs, successors and/or assigns.
